

**Farms,
Fields &
Fresh Air**

No Land, No Farmers, No Food, No Future.

Nearly 17,000 more houses are planned on our fruitbelt & greenfields. We are losing our farms and nature at a terrifying rate across the country.

We have ONE WEEK to save Faversham & villages from brutal developer destruction.

Join the local protest group & sign the national petition to get legal protection for our rural lives & heritage.
